Values Of Land In Court Action Studied By Jury

Judge, Jury and Principals Travel Here, Survey Property

The condemnation trial in the Nevada County Superior Court in the case of the State of California Department of Public Works against G. E. Lewis, local contractor, was scheduled to resume today after yesterday's holiday recess.

The case, involving some 74 acres of a tract of 320 acres near Donner State Park, recently purchased by Lewis from the Truckee Public Utility District, is entering its second week before a jury and Judge Ben Curler of Lassen County, currently assisting in relieving a congested Nevada County court calendar.

Expert evidence on land and mineral valuations comprises the principal testimony. Lewis is seeking a minimum of $127,000 for what he contends is valuable sand and gravel deposits, which are sought by the state. The latter, however, has valued the parcel at between $6,000 and $10,000.

Tuesday the court, jury and court attaches came to Truckee to view the land in question and attempt to reach an equitable conclusion.

One of the witnesses for the defendant placed the land value at near $200,000, pointing to test holes and other expert evidence as a basis for the valuation.

The Truckee Public Utility District is named indirectly as a defendant with Lewis, but has no part in the proceedings. Four state attorneys are representing the department while Chamberlain and Chamberlain of Auburn are attorneys for Lewis.

The case may go to the jury early next week.

LOCAL ATHLETES WILL FORM CLUB TO BOOST SPORTS

A single organization to handle all inter-city athletic programs is the objective of a group, tentatively named the Truckee Athletic Club, which will have its first meeting in the high school gym on the evening of December 3.

The group has affiliated with the Placer-Nevada League for both basketball and baseball. The basketball season for league play will begin on the first week of January and basketball practice and team try-outs will be at the December 3 meeting.

With Truckee in the P-NL are town teams from Placerville, Roseville, Lincoln, Grass Valley, Nevada City, Auburn, Colfax and the Japanese-American Citizens League of Placer County. Beside league play, the locals will fill out their schedule with an independent series against western Nevada opponents.

At the close of basketball, the same organization will begin organization of a baseball team here. John Rau presently is representing the local athletes on the league board of directors.

It is the intention of the group to seek financial backing from various civic and fraternal groups, at the same time selling yearly memberships to individuals which will entitle the holder to free admission to home games and other privileges.

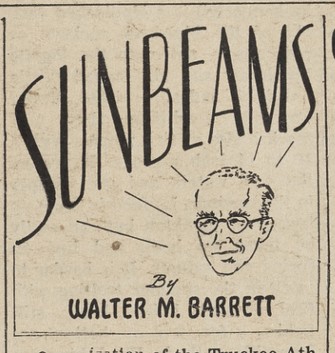
SUNBEAMS



By WALTER M. BARRETT

Organization of the Truckee Athletic Club should fill a need in this community. As proposed, the club will sponsor and support athletic programs such as basketball, baseball and other competitive sports, financing itself through memberships, contributions and gate receipts. It will provide a sponsoring group interested in sports and willing to work toward their success, not leaving the details in the hands of one or several organizations whose interests might be less whole-hearted. The new group will in no way conflict with any other organization's projects or duties, and while it will naturally require moral and financial support from other groups and individuals, it is hoped to make it as near self-supporting as possible. The main thing however lies in the fact that it will provide this community with a nucleus for competitive sports, something entirely desirable and certainly needed.

It is not a day too early to start preparing for Christmas. Gift lists can be made up and shopping started anytime now. Most Truckee merchants are providing "lay away" plans and all are beginning to feature gift items of quality. We doubt if there is an item on your list that can't be secured locally and we know that you will find merchants here helpful, courteous and anxious to assist you. And your patronage will be sincerely appreciated—much more appreciated we can assure you than in distant shopping centers.

SOME YULE TREES TO BE AVAILABLE FOR LOCAL FOLKS

District Forest Ranger E. E. Boehm today announced that a limited forest area in the vicinity between Sagehen Creek and Independence Lake has been designated for local families to procure individual Christmas trees. Those desiring to select their trees are asked to contact the U. S. Forest Service's Truckee office for a permit.

Applicants are urged to apply as soon as possible and a storm may make it impossible to reach the area set aside for this purpose.

Howard Newsham of Truckee is a holdover member of the board.

Chamber Makes Initial Plan For Christmas Party

Businesses and Residences Decorations Will Win Awards

A meeting of representatives from each of the several organizations in Truckee willing to participate in the annual community Christmas party will be held at Browns' Cafe Tuesday, November 24, at 6 p.m.

Plans are being made to entertain all the children in the community at a huge Christmas tree to be placed on the plaza. The chamber of commerce is sponsoring the program as in past years but will require the assistance of other groups to make it a success.

At the meeting of the chamber Tuesday night, Cliff Ellis, president, announced the 20-30 Club has secured the huge tree as well as many small ones which will adorn the main streets of town a week before Christmas.

It was voted at the meeting to again offer prizes for the best decorated business and residence in the comumnity. Three equal prizes will be given in each of the two classifications, in the form of merchandise orders. First prize will be for $25; second, $15, and third, $10. Awards will be made at the community party.

The chamber also discussed at some length a plan to replace the present electroliers along the main street with more modern lighting fixtures, but came to no conclusion.

The flag was presented by three Boy Scouts, Frank Giovannoni, John Firpo and Kenneth Osburn. The invocation and benediction were offered by Rev. Father Ronan Brennan. Taps were sounded by Joseph Mustol, school music instructor, who also led the school band and chorus in several fully-appreciated selections.

All the rooms at the school were kept open for visits from the guests. The six clubs participating were Truckee 20-30, Lions and Rotary, Lake Tahoe Lions, Tahoe City Rotary and Brockway Rotary. C. R. Heller of the Truckee Lions presided and O'Rourke was master of ceremonies.

From there he went to Westwood, Lassen County, and more recently has been practicing at Antioch, Contra Costa County.

SOME DUCK HUNT! A THREE-HUNDRED-MILE DRIVE TO THIS PLACE AND I HAVEN'T EVEN

Tahoe Items

by Jeannette Mitchell

On the lovely weekend past yours truly enjoyed a trip of unfolding beauty, a colorama from one of autumn's most beauteous pages of the golden oka, flaming dogwood amidst the greens of the fir and pine, as I journeyed through Bear Valley along Highway 20 to Nevada City and thence to Marysville to help friend hubby celebrate his birthday with a family gathering of some ten adults and ten children.

Here at home we missed a grand party held at Bacchi's in Lake Forest Saturday night, sponsored by the Women's Club of Tahoe as "husband's night." The affair was a huge success, with 54 attending. Hear Denis Sach was the pianist to accompany those singing and dancing.

Loren Holmwood has boarded up his picturesque Viking Gift Shop at the Tahoe City bridge and has left for a few weeks in the bay and thence on for a winter in Hawaii, where he also has holdings. His manager, Mrs. Elvina Cromwell, has left for Laguna Beach and contemplates an early return here with her husband in the spring.

I took a peek at the downstream side of the bridge the other day and was amazed at the run of the kokanee salmon—what a stupendous innovation, the salmon are in almost unbelievable numbers—their lovely russet red coloring seems quite in keeping with our fall coloring. In speaking to Don Evans of Tahoe Fish Hatchery, I find that the Nevada and California fish and game commissions have instigated these plantings since 1949 here in this area. The first plantings in California waters were back in '41. They raise some 400,000 in the Idlewild Park hatchery in Reno. The kokanee we can see now coming up for the spawning period are from these former plantings which came in the neighborhood of some 700,000 fish and this also completes the cycle of four years, these fish will spawn and then die. From here on, nature takes over for the replenishment of the specie in this area. With an approximate count of around 2,000 fertile eggs per each female, it will surely add up to some mighty happy fishing in the future. Many folks doubted these fish could have been planted. It still remains somewhat of a mystery just where these fish have been during the past summers but at this writing I can say that in my 35 years up here I have never ever seen such a display of any type of fish. We know for sure that they are here and doing very well. We can thank the combined efforts of California and Nevada fish and game commissions in giving us the kokanee salmon. This salmon will prove a dandy for lake fishing as it will spawn along the shores of the lake as well as all tributaries.

The kokanee (oncorhynchus nerka kennerlyi) is a landlocked variety of the blue-back sockeye or red salmon, native to the Pacific Northwest and also called "little red fish" and silver trout. Under favorable conditions they may reach a size of five pounds with a 12 to 14 inch average. It prefers the cool waters and goes deeper in the summer. Its food is made up largely of plankton but can easily be taken on hook and line in spring and autumn. It is harder to catch in the summer trolling with flashers and baited hook; still fishing a few feet off bottom are favorable methods. Fly fishing can be successful in late afternoon in spring and fall when the fish are near the surface. The kokanee puts up a good fight and is hard to land because of its tender mouth. It is excellent eating.

The Sam Gosses of Tahoe City have returned. Goss is getting along as well as can be expected after his sojourn in the Mitchell Hospital at Excelsior Springs, Mo., where he underwent back surgery. Sam must seek a warmer clime and take it easy for awhile longer, hence their extended trip to the bay area where they are now apartment huntings. Our best wishes go with them.

The Howard Guths have had a busy calender. Friday, Mr. and Mrs. Jim Martin, Mrs. Martha Snyder and Mrs. Howard Guth motored to Sacramento on business. The following Sunday the Guths left for a short business trip to the bay area.

The Lake Tahoe-Sierra Chamber of Commerce will be holding another directors' meeting at the Pfeiffer House on Friday night, November 13, at 7 p.m. Another "Dutch Treat" dinner will be in conjunction with the meeting.

I leave you, my friends, for the week. The best to you and yours. Sincerely, Jeannette Mitchell.

NORTH TAHOE

by HARRY CHARRISON

The Council of North Tahoe Organizations met last Friday night and President Walter Mandeville named a committee to arrange for a Christmas party for the kiddies of North Tahoe. Those named include Jean Little, June Mandeville, Betty Powell, Kay Wing and Jerry Gordon. Tentative arrangements are being made to hold the party at the Kings Beach school house, the time and date to be determined later. Mandeville said, in commenting on the accomplishments of the organization since its inception two years ago, only the close cooperation of all the clubs could maintain the excellent work of the past. The member organizations consist of Brockway Rotary Club, Lake Tahoe Lions Club, North Tahoe Community Club, Parents and Teachers Association, Community Methodist Church, Lake Tahoe Post 7907 Veterans of Foreign Wars, Local 2035 Carpenters and Joiners of America, North Tahoe Archers, the Gun Club and the Women's Club. Election of officers will be held next month, acocrding to Secretary Margaret Madden. Refreshments were served Friday night.

Mrs. Gilbert Ballard has left the lake to join Gil in San Rafael, having sold their home in Kings Beach and will not return to the lake until spring, at least. Oh, yes, son Carol left with his mother.

I never knew it before but our old faithful, Bill Duggan, has gone out for the winter. Bill was commander of the Lake Tahoe Post 7907, VFW. Warren Baxter is filling in for him at present.

Jerry Johnstone and his wife, Connie, son-in-law and daughter of the Mel Throops of Kings Beach, left this week for Maine where he will go into business with his father, who, by the way, recently arrived from England.

Anna Blaue, our globe trotting friend of Tahoe Visto, who, by the way, is 76 years young, is off on a trip that will take her pretty much from one end of the country to the other. Anna is a hard worker for the Community Methodist Church and will be missed.

Mr. and Mrs. Frank Arndt, who have a home on the Tahoe-Truckee short cut in Kings Beach, have just sold their home in Sacramento and will make Tahoe their home from now on. Mrs. Arndt is a sister of Mel Throop.

ThTe Charles H. Moseleys are building a swell home in Tahoe Vista. The upper story will be a living apartment and the lower floor will be a workshop, as Charlie is a house painter. They are newcomers as of this past spring.

Serb Margherita and Jim Sergi are coming along famously with their new building at Carnelian Bay, which will be known as the Sur-Mar Market. Connected with the market will be a real estate office. Although the building is nearing completion, it will be May before it will be open for business.

After young Walt Bailey, son of the Walt Baileys of Tahoe Vista, breaking his arm a couple of weeks ago, young Kenneth had to do the same thing, breaking his in just about the same place above the wrist. Ken got his playing football at school. Watl Sr. returned Monday from duck hunting around Tule Lake. He did pretty well, bringing back a nice brace.

Dave Ashton and son, Davey, tried their hand around Sacramento County but, according to Dave, the ducks just would not get into flight.

Albert McEathron has left Kings Beach and is now building some units in Palm Springs for Herb Resnick, a partner in Cal-Neva Lodge at Crystal Bay.

Sophie Miedema has just arrived back from southern California, where she attended the funeral of her step-father who passed away in Venice last week. Interment was at Santa Monica. Sophie's mother will make her home with her daughter, Mrs. Harold Hord, at Johannesberg for the time being.

Ladies Night and motion pictures will feature the meeting of the Lake Tahoe Lions Club next Tuesday, November 17, at Sierra Lodge at 7 p.m. Howard J. Newsham, manager of the telephone company for this area, will show a film on the progress of the telephone during the past 50 years. At an officers meeting Monday night, President Mel Throop appointed Henry Graton 3rd vice president, Ernie Crawford as Lion Tamer and Bill Ball as one year director. Plans were also laid to hold a Christmas party for members and their wives on December 15.

Attorney David K. Gilmore and family have moved from their home at Crystal Bay and are making their home on the highway at Kings Beach close to Bradens' Resort for the winter.

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out the window and says, 'Just wanted to make sure you're the right man to vote for'."

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to *push* him to your choice. Just give him your "vote of confidence."

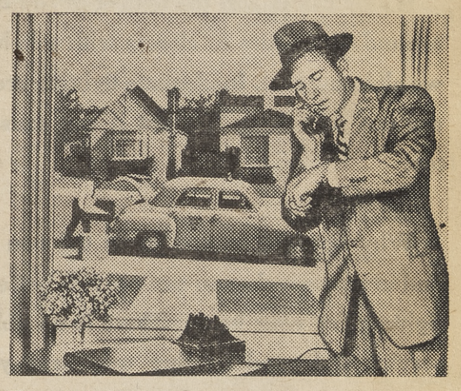
WITH A.M.A. YOU'LL DIAL FARTHER, FASTER

How A.M.A.—Automatic Message Accounting—streamlines telephone service with electronic magic

All over the West, people are making routine calls over much greater distances than they used to. We're always working to tailor service to the changing needs of those who use it ... for example, making it possible for people to dial more of their calls over longer distances. To do this, we needed automatic equipment to record the information necessary for billing the out-of-town calls you dial. Bell Telephone Laboratories solved this complex problem with A.M.A., an amazing achievement in electronics.



Faster telephone service is one advantage of A.M.A., which makes possible direct dialing by customers of out-of-town calls. Already installed in some parts of the Pacific West, the equipment automatically keeps track of your out-of-town calls with uncanny accuracy, sorting them out and compiling them for your monthly bills. Other installations in the West will be made as the intricate equipment becomes available. For our eventual goal is customer dialing of long distance calls to all parts of the nation.

A.M.A. cuts costs, helps keep rates low

A.M.A. is fast, accurate, and greatly extends the scope of dial telephone service. It saves time ... and money. And it's typical of what we're doing to build better, more efficient telephone service — keep costs down and make your telephone ever more useful.

TAHOE CHAMBER HAS BUSY MEET

TAHOE CITY— At a meeting in George's Gateway October 23, a goodly representation of some ten directors, President Fred Main, Vice Pres. Norman Celio and Treasurer Bob Snyder of the Lake Tahoe Sierra Chamber of Commerce met for extensive discussions. A number of guests were in attendance, including former chamber manager Carol Raymond.

Main presided and Tom Armstrong, chairman of the dues committee, reported that committee's recommnedation that membership dues be a minimum of $25 for each business establishment and $10 for each individual as associate members. Armstrong stressed the fact that membership should be 100 per cent throughout the lake area. Following discussion, the recommendation was accepted by the directors.

Mrs. Clara Sanford read the recommended changes in present by-laws as prepared by the by-laws committee, which met at her home October 21. All changes suggested were accepted for reference to the general membership.

It was agreed to send statements of dues due, with memberships due each June 1 and delinquent as of August 31. Annual nominations will be held during September, with a nominating committee of six to be named thirty days before election. The office of manager was abolished and an office secretary substituted. The advertising, publicity and promotion committees were consolidated under one head.

Mrs. Raymond asked that an erroneous report that she received a $6,000 salary be publicly denied, as some members seemed to be laboring under a misapprehension on that account.

Celio, who will preside in the absence of the president, set Friday, November 20, as the date for the next directors' meeting, to be held at Pfeiffer House in Tahoe City.

WOMEN GIVE $108 TO AMBULANCE

TAHOE CITY— On November 5, the Women's Club of Tahoe held their regular meeting at Bacchi's Inn. Sara Hunter was hostess to the club. Each member paid $1.00 for her luncheon and Mrs. Hunter turned the entire amount over to the club's building fun. There were 34 present, including three guests.

Mr. and Mrs. Jay Shontz were guests of the club and the president, Mrs. Howard Guth, presented Shontz with a check for $108 as the club's donation to the Tahoe City emergency ambulance fund.

Several new members were accepted into the club. The membership is now 71.

The next meeting will be held at the Pfeifer House on December 3.

HOSPITAL PACT PAYS DIVIDENDS

The agreement between the Tahoe Forest Hospital and the Nevada County Hospital, wherein the former can treat indigent patients and bill the county, already is proving beneficial to both institutions. This week Fidel Moreno, a transient, was taken to the local hospital for treatment to a severely injured elbow.

Administator John Wardman of the local institution said the county would be billed for $9 for the treatment, whereas had Moreno been transported to the county hospital the cost would have been well over $30.

"Y" CONFERENCE HERE SATURDAY HAS TEEN THEMM

by DIANA ABBOTT

The second annual YMCA Youth Conference will be held at the Tahoe-Truckee High School Saturday, November 14. Schools represented will be Placer Union High School, Nevada Union High School, Alleghany High School, Reno High School, Stewart High School and others.

Students attending from the Tahoe-Truckee High School will be Gary Anderson, Kita Buford, Judy Vaughan, Janice Mandeville, Jean Holmes, Carol Wilson, Jinx Rood, Pat Griffith, Gene Germain, Loma Sorensen, Lewis Fellows, Diana Abbott, Bill McClain, Buster Mandeville, Susan Baysinger, Bill Wright, Bob Sach, Judy Loynd, Sharon Pace, Ruth Osburn, Marie Osburn, Barney Gilmore and Alan Young.

Last year, with the help of Rudy Abrecht, executive secretary of the Mountain YMCA, and local administrators, we held the first annual youth conference in this area. It proved a huge success. At the closing session of last year's conference, the delegates elected a school to hold each office. These schools were to arrange for the conference this year. Those elected were President, Placer UHS; Vice President; Nevada Union HS; Secretary, South Tahoe High School. Because the conference will be held here each year, it was believed that Tahoe-Truckee High School should permanently hold the office of treasurer. This would make the purchasing of the food for dinner much easier.

The purpose of this conference is to strengthen the friendship among neighboring schools. There will be panel discussions on "Teenacide," "Teenagers and Military Service," "Juvenile Delinquency" and "Narcotics." The panel Tahoe-Truckee will present will be "Teenagers and Military Service." These topics should prove interesting as well as educational.

SCOUTING LEADER TALKS TO PARENTS

Robert Fitzpatrick, Boy Scouts executive from Auburn spoke on the "Strength of the Relationship Between the Parents and Boys" at the meeting held in the Truckee Elementary School last Friday. He announced that William Dorsey of Auburn will be the new field executive to visit this area after the first of January.

The speaker explained in detail the Scouting program and emphasized the point that Cub Scouts will not receive their earned awards unless one or both parents are present to pin the awards on the blouse at the monthly pack meeting. He also stressed the fact that boys wishing to join the Cub Scouts must obtain their applications only at the pack meetings and that both parents must be present at their child's joining the group.

ATTEND MEET

Orval Vaughan and Douglas Barrett represented Truckee at a reception held at Auburn Tuesday night for U. S. Senator Thomas H. Kuchel. The senator was honored by the Placer and Nevada County Republicans.

Birthdates this Month—
Henry Loehr observed his birthdate November 5 and Mrs. Loehr will celebrate her natal date November 16.
Windsats Go South—
Mr. and Mrs. Chris Windsat of Soda Springs and Sacramento are going to spend the winter at Cathedral City.

Tarzan®

by EDGAR RICE BURROUGHS

TARZAN HAD FOLLOWED THE SPOOR WHEN SEVERAL CARNIVORES JUMPED OUT AT HIM.

NOW THE CATS SNARLED, NIPPED AT HIS FEET TO GUIDE HIM TO A HIDDEN GLADE--AND NOW TARZAN STOOD BEFORE AN ISOLATED WOODEN CABIN.

THE DOOR CREAKED OPEN AND AN OMINOUS FIGURE APPEARED. HERE, AT LAST, WAS THE INFAMOUS "DEVIL-MAN"!

ABRUPTLY HE LASHED OUT WITH AN UGLY WHIP... A STINGING BLOW ACROSS THE STARTLED APE-MAN'S FACE!

TARZAN BELLOWED IN ANGER, REACHING FOR HIS BOW. BUT THE CATS CLOSED IN AND GROWLED A WARNING!
